Our approach

When we commit, we deliver. We don't commit to unrealistic projects or deadlines. We communicate challenges in our commitments as soon as they're discovered. Our goal is to be 100% on time, 100% of the time.

By operating as an independent logistics specialist, Milestone Management are able to develop multi-modal services and solutions in partnership with the best air, ocean and road specialists in the worldwide logistics industry. We are committed to offering world-class transportation and cargo distribution services to our customers. This means doing the job with utmost efficiency, flexibility and reliability. We are recognized for our service, versatility, and will do whatever it takes to go above and beyond the expectations of our customers.

We are attentive to our client's needs

We listen to your requirements and help devise a strategic plan that meets those needs after fully understanding the scope of your goals.

Milestone Management can provide you the best possible solution for your total transportation needs. We can handle your heavy, over-sized, or otherwise unconventional cargo so that it arrives on time anywhere in the world. Our strong network of agents can help you speed your cargo movement and our knowledgeable staff can give you the quickest possible response to all your transportation inquiries.

Why use Milestone Management?

- Single point of contact
- Fully integrated international transportation services by Road, Air, and Sea
- Expertise in forwarding large format/out-of-gauge project cargo, including turnkey project management services
- Cost-effective rates through volume buying power
- Global freight partners help ensure control of shipments with less risk and handling
- Expert assistance with letters of credit, cargo/marine insurance, permits and regulatory documentation
- Expertise servicing dynamic markets including India, China and Eastern Europe
- Network of worldwide agents provides fully integrated global logistics services, including customs brokerage, warehousing, distribution, and inventory management

Additional /Alternative Services

- Expediting – a proactive and cost effective service through our extensive worldwide network
- NDE Testing Services – providing full range of NDT, Quality Control and Quality Assurance
- Project Management – through connecting the right people, at the right price, at the right time
- Outsourcing – the expertise to help clients realise a competitive advantage through strategic sourcing solutions including manpower
- Insurance – Insurance can be a complicated procedure but we aim to make it a simple operation. We can now offer you the full range of marine cargo insurance cover at competitive rates.

Our goal is to build long-term relationships in order to provide more complete and successful services.
